(As in supervisors of the emergency care org or another parter...) It may not be
necessary given the audience who this letter is going to. I just didn’t want to assume.

10:20:29 From Adrienne Elder to Julie Geddes(Direct Message):

10:21:24 From Adrienne Elder to Everyone:

HWC OK continues to have great momentum across the state. It has been difficult to track data.

We have a Coordinator Notification Report:

<https://handlewithcareok.org/coordinator-notification-report/>

10:21:24 From Major Taylor Dinh, OKC Police to Adrienne Elder(Direct Message):

thank you. i'm excited to be a part of this group and also grateful that my department supports me and the great things this program is doing.

10:27:20 From Adrienne Elder to Major Taylor Dinh, OKC Police(Direct Message):

Major Dinh,

After data discussion, would you like to share any updates or ask any questions?

10:28:37 From Major Taylor Dinh, OKC Police to Adrienne Elder(Direct Message):

i don't have a lot of updates but i can

10:32:44 From Doug Ishmael to Everyone:

Adrienne, Since the whole point of HWC is to identify trauma in children, I would like for Stacy to talk briefly about the **Trauma Task Force in Pittsburg County** and things that are going on there as well as the HWC program. You are welcome Stacy. lol

10:33:28 From **Stacy Williams** to Everyone:

Thanks DOUG

10:36:39 From Adrienne Elder to Everyone:

OBN, could you please reach out to McAlester law enforcement for a training?

10:37:32 From Mark Woodward to Everyone:

Yes, I will have our Training Division coordinate it.

10:39:21 From Doug Ishmael to Everyone:

Thank you Stacy, it really is amazing at the work in trauma awareness that is going on in Pittsburg County and **Stacy is a co-chair of that task force**. Every county should have their own trauma task force.

10:45:20 From Brittany Couch to Everyone:

This convo also makes me think, it might be really useful to **get information out to hospitals** so that they also understand the framework if kids are brought in for treatment and how law enforcement have this additional interface.

10:47:22 From Adrienne Elder to Everyone:

After a 911 call with a family, we often hear **that law enforcement say, "I wish there was something more that I could do."**

Handle With Care is that opportunity for a community to work together to provide

those wrap around services. In any trainings, we just need to help that county connect with the other leaders in that county.

10:53:32 From sarah scott to Adrienne Elder(Direct Message):

I have a question about tracking. I would like to go back to something I believe Brittany mention. Is there a way we could do a survey state wide to each district, asking a few questions like if they have heard of HWC?, If they implement it? If they would like some more training? Who is there point of contact in law enforcement? Then we have access to that information and can use our outreach to follow up with those schools.
